strength: very responsive during class, explains the concepts clearly. weakness: none	I attended one of Marcos's review sessions and that was very helpful.	no, given the circumstances, there wasn't anything I could think of.	4.96	4.06	4.99	N/A	5.00
Very intelligent and takes time to explain concepts in a way anyone can get, even if he has to spend a lot of time with a group Would have liked more time to learn from Marcos	Help explain how to think about TFU questions, although still not sold on how to tackle this	Recorded videos of answering different questions/how they think about difficult concepts	4.09	4.47	4.23	5.00	5.00
Good clear communication	Midterm review	Slow down and be more thorough on the mathematics	5.00	5.00	5.00	5.00	5.00
N/A	Marcos has been very helpful and answers questions swiftly and in a manner that is easily understandable. I had specifically asked to run through particular type of questions during the review session, which Marcos did for us. Thank you Marcos for your support.	N/A	4.10	4.08	4.06	4.00	5.00

excellent knowledge and very effective in communicating with students.	He was able to teach the material from another angle than Professor Stole. So it was particularly effective and reinforcing concepts that maybe you didn't get 100 percent when Lars taught it. He was really great in his review sessions.	again more review sessions. One hour or one and a half for a who weekend is probably too little. At least one more each week.	5.00	5.00	5.00	5.00	5.00

Marcos is extremely hands on and dedicated to explain the problem and provide methods to shortcut the solutions	He provided helpful ways to prepare for the exams not mentioning the fact that in review sessions he display mastery in making connections between several problems and concepts	More interaction and time in with the professor	4.81	4.89	5.00	4.82	5.00
Marcos was highly committed to the program and wiling to help the students. I appreciated his efforts and pleasant way to interact with us. I believe Marcos can further develop his communication skills. Particular in this remote environment I would benefit from a clearer communication.	Marcos explained the solution of a problem to our study group. After 15 minutes he came back to our group to provide a different way to understand and solve it. This proactive approach and care was very good and we appreciated that as a group.	I believe in this remote environment Marcos could try to be more clear on the language / communication. A few times it was a little difficult to understand him.	N/A	N/A	N/A	5.00	5.00

Marcos is very responsive and was always willing to go over/explain materials more than once.That said, he speaks quite fast, which sometimes makes it hard to follow/comprehend.	I had a clarification question on one of the weekend problem sets, ahead of Midterm exams, and Marco was quick to respond.	Dedicating more time for review sessions and being more articulate.	4.03	3.04	4.06	5.00	4.01
He definitely knows the subject but at times I felt he forgot to take into account that a lot of us were novices here. So unknowingly he may have assumed that a particular level of understanding stands applied to all of us uniformly. Overall he was very prompt with answers and was able to respond to the questions at hand, extremely helpful.	I attended one of the review sessions done by Marcos and it was quiet helpful, he was able to highlight the important points that needed to be focused on. It helped me to orient and focus better on that particular subject.	The impression I got was that he holds back a bit. He needs to be a bit more confident in his explanations - It appears that hes still processing the information when he communicates.	4.05	4.04	4.06	5.00	4.00

I had a lot of difficulty understanding Marcos - I'm used to different accents so it's not at all an unpleasant comment on his accent but it's more the content. I found the review sessions quite frustrating as well.	N/A	More strategies for exams; more advice on approaching questions.	1.96	1.00	1.00	3.96	2.35
Without a doubt, Marcos has great knowledge of Microeconomics. However, I think that he could work on a way of communicating it to the students - simpler language would be appreciated.
